Summary

Customer support lead moving into product operations. Three years at a B2B SaaS startup fixing broken support processes and building internal tooling.

Experience

Customer Support Lead, Ledgerly (B2B SaaS) **Jan 2023 - Present**

- Cut first-response time from 9 hours to 2 hours by redesigning ticket triage in Zendesk.
- Built weekly SQL reports on churn signals used by the product team.
- Wrote 40+ help-centre articles; deflected about 18% of tickets.

Support Associate, Ledgerly **Jul 2021 - Dec 2022**

- Handled billing and onboarding queries for 300+ accounts.
- Automated refund approvals with a Google Sheets and Zapier workflow.

Education

B.Com, Savitribai Phule Pune University, 2021
